329 Railway Street Vancouver

Project Description

- 329 Railway Street Vancouver
 - Concrete seismic upgrade to allow conversion to artist studios and work spaces. Addition of new concrete stair to meet current code for egress for occupied spaces.
 - Seismic upgrade included a new concrete stairwell and new concrete slabs on each floor to improve the structural diaphragm of the building.
 - Seismic brace connected to stair column and a sublevel anchor three stories under the ground level of the parking lot beside the building.
